

How to Become a Provider

The Idaho Vaccine Program:

- Provides all the childhood vaccines, at no cost, to all health care providers interested in immunizing children;
- Pays all shipping costs;
- Provides a manual that describes current immunization recommendations;
- Provides Vaccine Information Statements at no cost; and
- Provides technical assistance with vaccine administration and handling questions.

For more information about becoming part of this program, call Bob at 1-800-554-2922.

Also see the [Provider Enrollment Agreement](#) and the [Provider Profile](#), which you can print, complete, and send to:
